3. When you are in gsLearn, click on the "Content Library" and locate the training you need – for example, a Daisy troop leader would find the "Daisy Basics Learning Path" by typing "daisy" in the search bar. The gsLearn platform may not work well on mobile devices! You may need to rotate your phone to the horizonal position to be able to see the **"Content Library"**. It is always easier to access from a computer! Need help? Email Customercare@gscnc.org.
