Welcome to the Camp Winona Letterbox Trail! This Letterbox Trail was created by Frederick Girl Scout Junior Troop 81213 for their Bronze Project. We hope you have as much fun following our trail as we had creating it!

Provide each girl with the Letterbox Worksheet in order to solve the scramble puzzle at the end of the trail. We recommend having an adult read the directions and clues to the girls so they don’t see the answers 😊.

At the end of the trail, the girls should have all the letters needed to unscramble the fun phrase on their worksheet. Happy hunting from Troop 81213!

• Start at the Caretaker mailbox.
• Face North and take 16 paces to the yellow post marked 6875.
• Now face Southwest and take 50 paces to the rear of the storage shed.
• Next face North and walk 110 paces to the green gate.
• Then turn East and take 25 paces to the middle of the road.
• Facing South take 35 paces down the road.
• Don’t whine and face the pine.

** DO NOT OPEN THE LETTERBOX YET 😊 ** Once you find each letterbox, you must then solve the riddle of what’s inside and fill in the answer on the letterbox worksheet.

• With your back to the stump go East 32 paces towards the Laurel Lodge. Stop at the big tree before the ivy covered tree. Look for the trail on your right.
• Take the trail down the hill and look for the little house and stop there.
