## **Girl Scout Community Hours Questions**

**What did you learn about the Girl Scout Community through your service in this category?**

**The Girl Scout Law asks us to be a sister to every Girl Scout. How did you accomplish this through your service in this category?**

This category has been redefined as national service hours, with the understanding that government remains a partial requirement. Service to country and community is part of the Girl Scout tradition.

Provide non-partisan service to federal, state or local government entities. This may include non-government entities that fulfill a governmental role such as the Kennedy Center, Smithsonian or Post Office.

Service that fulfills a need in close proximity to your home, your school or your troop; either in your town or your county.

Service that helps protect the environment.

## **National Service Hours Questions**

**What did you learn about national needs through your service in this category?**

**The Girl Scout Law asks us to respect authority, respect myself and others, and use resources wisely. How did you accomplish this through your service in this category?**

In light of our Council's expansion and to reflect the guiding principle of the Girl Scout Mission Statement: "Girl Scouting builds girls of courage, confidence and character who make the world a better place," the Silver Trefoil Award requires Global Service hours. Global Service hours encompass service to international communities and multicultural service.

Service that has a direct impact on the global community, whether local or in another country.

Make the world a better place where all social and ethnic groups interact with tolerance and understanding.
