The Council evaluates uncertainty in income tax positions taken or expected to be taken on a tax return based on a more-likely-than-not recognition standard. If that threshold is met, the tax position is then measured at the largest amount that is greater than 50% likely of being realized upon ultimate settlement and is recognized in the financial statements. As of September 30, 2025 and 2024, the Council recognized no uncertain tax positions nor accrued interest and penalties associated with uncertain tax positions.
