Ensure your Service Unit is Ready for Action

Host a First Aid Training and help volunteers start the year prepared!

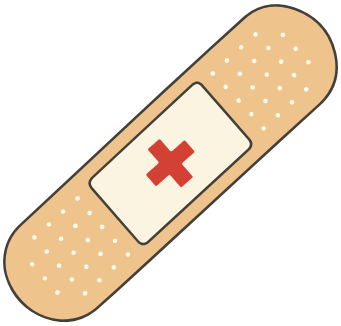

If you have a location and 10 or more volunteers interested in becoming first aid certified, you can coordinate your own traditional or blended learning format class for your group from our vendor, Emergency Training Resources.

Contact Larry Newell (larry.newell1@gmail.com) with Emergency Training Resources to get your Service Unit on the schedule.

Training Grants are available for First Aid classes through our Partner Vendor, Emergency Training Resources. If you would like a training grant to cover the cost of the training, do not register for a class. Fill out a training grant request HERE or scan the QR code.

We are no longer requiring that First Aiders upload their certifications in gsLearn! Simply share your certification with your Troop Leaders, select the role in MYGS and make sure your certification is up to date before acting as First Aider.

Questions? Email avdaa@gscnc.orgl

DO I NEED A TROOP FIRST AIDER?

Be ready for the adventure!

We strongly recommend having a Level 1 First Aider available whenever your troop is together.

A First Aider must be present for certain activities. Here's your quick guide!

Overnights
Camping, Sleepovers, Cabin Stays

Outdoor Activities
Hiking, Climbing, Camping

High Adventure Activities
Rope Courses, Kayaking, Archery

Special Events
Encampment, Derby

WHO CAN BE YOUR TROOP FIRST AIDER?

A volunteer with current Girl Scout membership
and a completed background check who has either:

CURRENT FIRST AID CERTIFICATION
Pediatric & Adult First Aid + CPR
including AED training and a live skills check

OR

QUALIFIED MEDICAL PROFESSIONAL
These professionals qualify as Level 1 AND Level 2 First Aiders without additional training:

Physician • Physician's Assistant • Nurse Practitioner • Registered Nurse • Licensed Practical Nurse • Paramedic • Military Medic • EMT
