

List of Program Kits

To reserve a kit, please use the reservation system link found on the Kits and Patches webpage at www.gscnc.org.

Theme	Kit or Resource	Appropriate Level					
		D	B	J	C	S	A
Arts and Crafts	Craft Boards Our craft boards are tri-fold displays that offer step-by-step instructions for a variety of crafts. Girl Scouts can choose their craft and complete the activities at their own pace. Boards can be reserved individually or as a set.		✓	✓	✓	✓	✓
	Classic Songbooks Girl Scouts have been singing for many years, from troop meetings to campfires to national sing-alongs celebrating special Girl Scout anniversaries. This collection of songbooks help Girl Scouts learn Girl Scout songs from as early as the 1920s.	✓	✓	✓	✓	✓	✓
	Girl Scout Games and Dramatics Games can be used many different ways in Girl Scouts – breaking the ice, developing teamwork, learning or reinforcing skills, building stamina, or just blowing off steam after sitting for too long. Get your Girl Scouts up and moving with a variety of games.		✓	✓			
	Leather-Crafting Kit Learn the basics of using tools for working leather. Great project for troops and families.		✓	✓	✓	✓	✓
	Screen-printing Screen printing allows Girl Scouts to create a one of a kind piece of art. Use screen printing to make t-shirts for your next event, or make unique items for a money-earning project.		✓	✓	✓	✓	✓
	Sewing Machines Four sewing machines are available for troops to check-out. The machines are (brand) and perform basic functions such as a straight stitch or a zigzag. Girl Scouts can create one-of-a-kind designs to sew on t-shirts, handbags, or whatever strikes their imagination.	✓	✓	✓	✓	✓	✓
Environment	Earth Defender This kit teaches Girl Scouts about the hazards of tobacco manufacturing on the environment. Girl Scouts practice Leave No Trace; understand the importance of recycling and not littering; discover the negative impact chemicals can have on our waterways; and more.	✓	✓	✓	✓	✓	✓
	Eco-Box Explore environmental issues and find ways to protect our natural environment. Topics discussed range from water to energy to ecosystems. This kit is a great supplement to the Brownie Wonders of Water Journey, Junior Get Moving! Journey, Cadette Breathe Journey and the Environmental Stewardship badges (all levels).	✓	✓	✓	✓	✓	✓
	Enviroscape-Coastal The Coastal interactive landscape model shows how pollution		✓	✓	✓	✓	✓

Environment Cont.	damages wetlands, estuaries, the ocean, beaches, coral reefs, and shellfish beds. Brownies working on the Wonders of Water Journey can use this kit as they explore issues relating to water.						
	EnviroScape-Hazardous Materials The Hazardous Materials interactive landscape model helps us to understand hazardous substances, waste, and their effects on the environment. Brownies working on the Wonders of Water Journey can use this kit as they explore issues relating to water.	✓	✓	✓	✓	✓	
	EnviroScape-Landfill The Landfill interactive landscape model shows how modern landfill systems differ from the land disposal methods used in the past. Brownies working on the Wonders of Water Journey can use this kit as they explore issues relating to water.	✓	✓	✓	✓	✓	
	EnviroScape-Watershed/Non-Point Source The Watershed/Non-Point Source interactive landscape model shows the origins of point and non-point sources of water pollution and how a watershed works. Brownies working on the Wonders of Water Journey can use this kit as they explore issues relating to water.	✓	✓	✓	✓	✓	
Financial Literacy	Brownie Money Manager Badge Through hands-on, meaningful activities, Girl Scouts practice their shopping skills to get an idea of what things cost. Girl Scouts also work with a pretend budget to plan a trip.	✓					
	Brownie Philanthropist Badge Through hands-on, meaningful activities, Girl Scouts identify the difference between a want and a need. Girl Scouts also explore ways to help people in their community to get what they need.	✓					
	Junior Business Owner Badge Through hands-on, meaningful activities, Girl Scouts learn what it takes to be a business owner. Girl Scouts investigate ways to provide great customer service and understand the importance of consumer research.		✓				
	Junior Savvy Shopper Badge Through hands-on, meaningful activities, Girl Scouts identify their needs from wants. Girl Scouts explore the reasons they want what they want and set goals and budgets for obtaining these items.		✓				
	Cadette Budgeting Badge Through hands-on, meaningful activities, Girl Scouts create a budget based on their values. Girl Scouts track their spending, explore ways to save money, and decide how they are going to give back to their community.				✓		
	Cadette Financing My Dreams Badge Through hands-on, meaningful activities, Girl Scouts explore their dream job and the ways in which this job can support the lifestyle they want to live.				✓		
Healthy Living & Teamwork	Brownie Working It Out Brownies explore ways to handle frustrating situations and channel negative feelings without violence, act out problems and possible solutions, and work as a team to discover individual strengths.	✓					
	Car Care This kit provides activities and materials to learn basic car care				✓	✓	

Healthy Living & Teamwork cont.

<p>maintenance, vehicle safety, safe driving practices, how to handle an emergency, and how to drive for a greener world. Senior Girl Scouts can earn their Car Care badge with this kit.</p>						
<p>Cooperative Games 1 Girl Scouts use co-oper bands in teamwork exercises. The bands allow Girl Scouts to experiment with trust, caution, risk-taking, and release in a safe and supportive environment.</p>		✓	✓	✓	✓	✓
<p>Cooperative Games 2 Girl Scouts focus on skills that make teamwork successful. Communicating clearly and learning to cooperate in a group are important life skills.</p>			✓	✓	✓	✓
<p>Daisy Respecting Myself and Others Daisies practice respect for others who are talking, learn to express feelings without hurting others, and cooperate and share when it comes to teamwork and games.</p>	✓					
<p>Emergency Preparedness Always be prepared! Learn how to prep your family and house for any emergency. Use in conjunction with the Emergency Preparedness patch program.</p>	✓	✓	✓	✓	✓	✓
<p>Grow Strong Daisies This program provides resources and activities that instill in Girl Scouts habits that will influence their emotional & physical health for the rest of their lives.</p>	✓					
<p>Grow Strong Brownies/Juniors This program provides resources and activities that instill in Girl Scouts habits that will influence their emotional & physical health for the rest of their lives.</p>		✓	✓			
<p>Grow Strong Cadettes/Seniors/Ambassadors This program provides resources and activities that instill in Girl Scouts habits that will influence their emotional & physical health for the rest of their lives.</p>				✓	✓	✓
<p>Junior Choice Is Yours Juniors explore ways to handle frustrating situations and channel negative feelings without violence and identify things that cause stress in their lives.</p>			✓			
<p>Parachute Games Girl Scouts focus on communication skills and cooperation within a team by playing games with a parachute.</p>	✓	✓	✓	✓	✓	✓
<p>Sports Equipment: Basketballs, Foam Paddles, Frisbees, Corn Hole Board Set, Hula Hoops, Jump Ropes, Playground Balls, and Soccer Balls</p>	✓	✓	✓	✓	✓	✓
<p>Teen Stress and Anger Management Activities Girl Scouts explore ways to handle frustrating situations and channel negative feelings without violence, identify things that cause stress in their lives, and try different relaxing techniques such as herbal teas, yoga, deep breathing, and taking time to pamper yourself.</p>				✓	✓	✓
<p>Yoga Mats Check-out these yoga mats and show your Girl Scouts some relaxing yoga moves. The mats can be used with any kit in the Healthy Living and Teamwork category. Great to use in a station at a larger event.</p>	✓	✓	✓	✓	✓	✓

Healthy Living & Teamwork cont.	Zink the Zebra Zink is a zebra with spots who feels different from other zebras. By learning about Zink, Girl Scouts gain a sense of awareness and appreciation for individual differences, as well as helping foster compassion and respect for others with perceived or actual differences.	✓	✓	✓	✓	✓	✓	
History	American Flag The American flag is one of the most recognized symbols of our country. This kit provides activities and materials to teach Girl Scouts about flag history, etiquette and display, flag ceremonies, and flag crafts.	✓	✓	✓	✓	✓	✓	
	Rockwood History Box Rockwood Manor served as the Girl Scout National Center from 1939-1979. It was a gathering place for Girl Scouts and Girl Guides from all over the world. Learn about this special place with memorabilia and activities.			✓	✓	✓	✓	
	Uniforms Through the Years: Uniform Sampler This sampler contains various original and reproduction girl uniforms and accessories issued and/or sanctioned by Girl Scouts, from 1912 to the present.	✓	✓	✓	✓	✓	✓	
	Girl Scout Legacies and Traditions Take time to explore the seven legacies Juliette Low and her first troop left for Girl Scouts everywhere. This kit includes resources and activities to help Girl Scouts discover early Girl Scout skills, connect with Girl Scouts from the past through vintage uniforms, and take action to continue these time-honored traditions.	✓	✓	✓	✓	✓	✓	
Journeys	WOW! Wonders of Water Journey This kit includes activities and resources to help Girl Scouts earn the LOVE Water award. Girl Scouts will work together to explore water – the issues surrounding it and ways to protect and conserve it.		✓					
	Get Moving! Journey This kit includes tools and resources to help Girl Scouts earn the Energize and Investigate awards in the Junior Get Moving! Journey. Girl Scouts will work together to learn about energy and explore methods for conserving this valuable resource.			✓				
Outdoor Skills	Compass Kit Never get lost again! Cell phones don't always work in the woods, so here's your chance to learn how to navigate using a compass. Practice finding north, east, south, and west with orienteering compasses, a giant teaching compass, and books with instructions.			✓	✓	✓	✓	
	Compass Games Kit The games in this kit are designed to be used at Camp Brighton Woods. Girl Scouts have fun as they get their bearings and learn how to navigate with an orienteering compass. This kit does not include any compasses so be sure to check out the Compass Kit, too.			✓	✓	✓	✓	
	Knot Board The knot board is a roughly 4 x 3 foot board with examples of tied knots. This board is great for showing Girl Scouts what certain knots look like. Great for troop meetings and at camp.	✓	✓	✓	✓	✓	✓	

	<p>Leave No Trace Leave No Trace™ is a national outdoor skills and ethics education program. This kit provides a variety of activities that will prepare your Girl Scouts to maintain the integrity and character of the outdoors for all living things. This kit pairs well with the Environmental Stewardship badges at each Girl Scout level.</p>	✓	✓	✓	✓	✓	✓	
Naturalist	<p>Animal Tracks This kit is a great tool to learn about the animals that live next to us, some seen and others hidden. Girl Scouts will use observation skills and hands-on activities to learn about the different wildlife in our area. Many of the activities in this kit can be paired with the Citizen Scientist Journey for each girl level.</p>	✓	✓	✓	✓	✓	✓	
	<p>Brownie Bugs Badge Explore the world of bugs and learn about these little creatures through this interactive, fun-filled kit. Take it on your next camping adventure or spend the day in a park observing the bugs that live there.</p>		✓					
	<p>Junior Flowers Badge Uncover the science of flowers through this kit designed to help Juniors earn the Flowers badge. This kit is a great addition to a camp weekend or a sunny spring day in the park.</p>			✓				
	<p>Cadette Trees Badge From designing a tree house, to discovering what <i>dendrochronology</i> means, you will learn all there is to know about trees! Check out this kit and help your Girl Scouts earn the Trees badge. Great addition to a camp weekend or a visit to a national forest.</p>				✓			
STEM-Bridging the Gap	<p>imagiCharms Coding Kit The activities in this kit teach Girl Scouts how to code using imagiCharms, smart accessories that can be programmed to display custom designs and animations. No coding experience required! Once completing this kit all Juniors, Cadettes, Seniors, and Ambassadors can earn their Coding 1 and Robotics 1 badges and use this to complete the Think like a Programmer Journey.</p>			✓	✓	✓	✓	
	<p>Goggle Tub Check out some goggles when you check-out any of the science kits. Goggles are made of plastic and are designed to cover the top of the face. Adjustable with a strap so they fit everyone.</p>	✓	✓	✓	✓	✓	✓	
	<p>Introduction to Robotics Kit The activities in this kit are designed for those wishing to begin their exploration of robotics. It allows Girl Scouts to explore the different parts of a robot and their function in the overall success in making the robot move. This kit includes mBot robots that require an iPad/tablet, cellphone, or laptop to connect, control, and code. This kit allows you to earn three badges; Robotics 1, Robotics 2, and Coding 1 for each level.</p>	✓	✓	✓	✓	✓	✓	
	<p>Cybersecurity Program Kit The activities in this kit teaches Girl Scouts how the internet works, they learn about malware and how it is harmful to our devices, discover binaries, and discover what our digital footprint is. After</p>	✓	✓	✓				

STEM – Bridging the Gap Cont.

<p>completing this kit, Daisies, Brownies, and Juniors will be able to earn Cybersecurity Badge 1: Cybersecurity Basics, Cybersecurity Badge 2: Cybersecurity Safeguards, and Cybersecurity Badge 3: Cybersecurity Investigator</p>						
<p>Engineering Program Kit In this kit, Girl Scouts will have the opportunity to create a board game concept from start to finish and have their own game to play in the end. Juniors will have the opportunity to explore simple and compound machines, and design and build a crane. This kit is connected to the following badges: Daisies Mechanical Engineering: Board Game, Brownies: Making Games, Juniors Mechanical Engineering: Cranes, Cadettes: Coding for Good 2: Digital Game Design, Seniors: Game Visionary and Coding for Good 2: Digital Game Design, and Ambassadors: Coding for Good 2: Digital Game Design.</p>	✓	✓	✓	✓	✓	✓
<p>Intermediate Robotics Kit The activities in this kit are designed for those wishing to extend their exploration of robotics. It provide Girl Scouts with an introduction to programming with challenging tasks as Girl Scouts progress through the activities.</p>			✓	✓	✓	✓
<p>Advanced Robotics Kit The activities in this kit are designed for those wishing to advance their exploration of robotics. It provides Girl Scouts with hands-on experience with graphical programming, electronics, and robotics.</p>				✓	✓	✓
<p>Daisy Aerospace The activities in this kit teaches Daisies about the parts of airplanes, the four forces of flight, how pilots communicate, exploring the sun, moon, and stars, and lastly learn about the pioneer women in the world of aerospace. This kit will allow your Daisy to earn their STEM Career Exploration and Space Science Explorer badges.</p>	✓					
<p>Daisy Color Wonders In this kit, Daisies explore science concepts through hands-on activities. Girl Scouts mix primary colors to make new colors. Encourage your Girl Scouts to explore and experiment in a fun and safe environment.</p>	✓					
<p>Brownie Aerospace In this kit, Brownies will discover the parts of an airplane, learn about the four forces of flight, discover the NATO Alphabet and how pilots use it to communicate, explore the sun, moon, and stars, and learn about Aerospace Careers. This kit is connected to the Brownies STEM Career Exploration badge and the Space Science Adventurer badge.</p>	✓					
<p>Brownie Earth and Sky In this kit, Brownies explore the three stages of water, identify different cloud types, practice reading a ruler scale, and explore life as a Paleontologist.</p>		✓				
<p>Brownie My Body In this kit, Brownies explore science concepts through hands-on activities. Girl Scouts identify the different parts of the body, learn about the different ways the brain works, and discover the uniqueness of fingerprints.</p>		✓				
<p>Brownie Numbers and Shapes In this kit, Brownies explore math concepts through hands-on</p>		✓				

STEM-Bridging the Gap Cont.

<p>activities. Tangram puzzles, origami, and Mobius strips allow Girl Scouts to develop spatial relationships while having fun.</p>						
<p>Brownie Senses In this kit, Brownies explore science concepts through hands-on activities. Girl Scouts identify the five senses (sight, hearing, touch, taste, smell) and learn how to compensate when one or more of their senses is lost.</p>		✓				
<p>Junior Aerospace In this kit, Juniors explore aerospace through hands on experience like building an airplane, making their own solar system model, learn about star constellations, and researching more about planets. This kit will allow Juniors to earn their Junior Space Science Investigator badge.</p>			✓			
<p>Design Time: Girl Scouts Go Techbridge Design Time ignites interest in engineering with Girl Scouts' love of being creative and artistic. Girl Scouts will experience the Engineering Design Process, including brainstorming, designing, testing and redesigning, first-hand as they design and create products. They will also explore careers that play a major role in the creation of products in the market today. The materials in this kit help your Girl Scouts complete the required activities to earn the Junior Product Designer badge. This kit can also be done in conjunction with the Junior aMUSE Journey.</p>			✓	✓		
<p>Teen Space Exploration In this kit, Cadettes, Seniors, and Ambassadors learn about rocket science and make a rocket that is take off ready. They will also have the chance to look through a telescope to identify stars and planets and discover the possibilities of life beyond Earth. This kit is connected to all teen level STEM Career Exploration badges, Cadette Space Science researcher, Senior Space Science expert, and Ambassador Space Science Master.</p>				✓	✓	✓

How to reserve a Program Kit?

Now that you have seen our exciting list of Program Kits, you're probably wondering how do you reserve? Below you will find step – by – step instructions on properly reserving and you will find a chart of where each kit is located on DoubleKnot.

Step 1: You will go to www.gscnc.org. On the homepage you will select members.

Step 2: You will look under For Girl Scouts and select the first subcategory Badges and Journeys.

Step 3: You will select Program Kits and then select Reserve.

Step 4: You will be taken to the reservation portal on DoubleKnot.

Step 5: Select the category (You will find a chart that shows the Program Kits category below). Then select the start date on the calendar (Ex: July 18th). Lastly, you will enter in how long you want to keep the kit for in the duration.

Step 6: You will select reserve next to the kit you wish to reserve. You will be prompted to Create New User Profile.

Step 7: Once your account has been created, the page will refresh with your cart on the right-hand side of the screen, and you will select check-out.

Step 8: You will enter in how many kits you are reserving, then hit continue. From there you will fill in the required information.
